

EXPERIENCE TO PERFORM

TECHNICAL DATA SHEET

RAIN OFF

WATER REPELLENT TREATMENT FOR WINDSHIELD

- **PRODUCT DESCRIPTION**

Windshield treatment. Applied to glass, it forms a water repellent shield that encourages the water to run off and prevents the adhesion of snow and ice. It reduces wear and tear on wiper blades.

In the event of rain or heavy downpours, the water runs off windshields treated with **Rain-off** even at around 60 km/h, ensuring perfect visibility even without the use of wiper blades.

It aids the cleaning of the windshield and the removal of ice.

Thanks to the practical package with applicator, the product is easy and immediate to use.

- **FIELDS OF USE**

For windshields and all exterior glass surfaces that need to be made water repellent.

- **TECHNICAL SPECIFICATIONS**

• Appearance	Clear liquid
• Color	Colorless
• Odor	Alcoholic
• Specific weight (20°C)	0.8070 g/ml
• pH	<1
• Refractive Index	1.38
• Flash Point	12
• Boiling point	82.4

- **METHOD OF USE**

Thoroughly degrease and dry the outside of the glass.

Remove the transparent protection, rest the felt on the windshield and lightly press the bottle. Dispense **Rain-off** directly on the glass copiously and evenly, using the applicator provided.

Let dry and repeat the application.

Wait for it to dry again until it forms a film, then remove it with a damp cloth.

- **DOSAGE**

One packet is sufficient for the treatment of all the exterior glass of a car of reasonable sizes: windshields, rear and side windows.

- **STORAGE**

Unopened and stored at room temperature away from direct sunlight, for at least 3 years.

- **PACKAGING**

PE bottle with applicator.
Contents 100 ml
