

EXPERIENCE TO PERFORM

## TECHNICAL DATA SHEET

# ACQUAZERO

### - **PRODUCT DESCRIPTION**

A product that is one of its kind, it cleans and polishes with a single operation. It allows the removal of dirt from all surfaces of cars and motorcycles (paint, rubber, plastic etc.) without the aid of water and without the need for the classic washing tools: sponge, bucket, shampoo, rinsing water.

It does not scratch surfaces since the special formula lifts dirt and retains it in suspension: all that is required to remove it completely is a wipe with a clean cloth.

Since it is used without water, it can be used in any open (on the road) or enclosed (in the garage) place.

- Effective against stubborn dirt like dried bird droppings
- Easy to use

### - **FIELDS OF USE**

Bodywork.

### - **TECHNICAL SPECIFICATIONS**

- |                   |              |
|-------------------|--------------|
| • Appearance      | Milky liquid |
| • Color           | White        |
| • Odor            | Lavender     |
| • Density at 20°C | 0.99 g/ml    |
| • pH              | 8.0          |

The above data do not constitute specifications and is subject to normal manufacturing tolerances

### - **METHOD OF USE**

Spray the product on the surface and then clean with a cloth. It is recommended to start with the least dirty parts of the car (upper part and windows).

Before starting the washing, take care to remove any solid items like sticks and stones from the bodywork.

### - **WARNINGS**

None in particular.

### - **STORAGE**

Unopened and stored at room temperature, for at least 3 years.

### - **PACKAGING**

500 ml bottle with spray nozzle

Code 8362

### - **ADDITIONAL INFORMATION**

For information on product safety, please consult Material Safety Data Sheet.
